	Add on Course in Web Designing	Students from all streams can opt for this course

5. Examinations reforms implemented

PCM S.D. College for Women is known for its excellent results and achieving distinctions in university results. Our students have always won top positions and a large number of merit positions in university examination every year. A wellframed Internal System of teaching higher

learning and evaluation is adopted. Constructive steps are being taken to modify the examination system after evaluating the achievements and performance in the preceding years.

- The examination committee of college conducts two terminal examinations in the month of September and December respectively to evaluate the performance of the students. Previously there used to be two sessions viz, Morning and Evening in each Terminal Examination, but from this year, the examinations are being conducted in single session to avoid the wastage of time and resources. The surplus time available is utilized by members of faculty to perform the duties assigned to them for preparation of various items for Zonal and Inter Zonal Youth Festival organized by GNDU Amritsar.
- Syllabi as per the guidelines by the University is completed and implemented in various subjects. The examination are conducted according to the pattern prescribed by the university.
- First Terminal Examination a detailed test of 3 hours duration in each subject along with practical examination and viva voce is conducted in late September to provide an opportunity to the students for revision of the syllabus covered in the entire term and get the written practice.
- A Second Examination is conducted in the month of December. All theory examinations with separate papers A,B,C (as required), Practical Examinations, Viva Voce, Project work are conducted.
- Academic standing of the students is monitored and assessed through these examinations. Top, Average and below average students are categorized on the basis of their performance by the teachers. Results are discussed in the meetings of various departments convened by the Principal. Special attention, extra coaching and guidance is given to top students. They are encouraged and motivated to read extra books and journals to know the latest developments. Similarly weak students are identified and they frequently discuss their difficulties and problems with their teachers. Teachers keep full track of such students. This improves their overall performance in examinations. Special periodic test for weak students is conducted in February to help them for preparing for Annual Examinations.
- Parents/Guardians are given intimation about the results and shortage of lectures of their wards. Parent teacher meeting is organized in whatever cases it is necessary and suitable measures are adopted for improvement of performance of students.
- The collective and strenuous efforts made by the Principal and members of faculty result in improvement of learning skills of the students. It enables them to perform better in annual examinations and to bring laurels for their institute.
